MASTOLONI

Over the past 80 years and three generations, Mastoloni has become one of America's exclusive producers of fine pearl creations. Chosen "Best in Pearls" by retailers across the country, the company is based on the family principles of quality, fair dealings and innovation.

Inspiration and influence for the designs are drawn from the family's roots near Italy's Amalfi Coast. This inspiration can be seen especially in the brand's Signature Collection designs – comprised of four main divisions: Exclusives, Ice, Pave and Ribbon. These designs best represent Mastoloni's constant evolution.

Additional Mastoloni Collections include the Sorrento Collection – an 18kt line with styles ranging from daily professional wear to evening and bridal – and the Select Collection – a 14kt line with a modern flare.
